DRUG AND ALCOHOL TESTING AUTHORIZATION

The use of illegal drugs, controlled substances and alcohol can have a detrimental impact on behavior, interfere with academic and athletic performance, cause permanent physical and mental harm to the user and increase the risk of injury to teammates, athletic opponents and all others with whom the user interacts. Therefore, IMG Academy LLP has implemented a Drug and Alcohol Testing Policy (“Policy”) that is described in the Student Handbook. All parties signing this form acknowledge that they have received, read and understand the Policy, and also understand that penalties may be imposed, including expulsion, for violating the Policy. AGREEMENT TO PARTICIPATE

ASSUMPTION OF RISKS: Physical activity, by its very nature, carries with it certain dangers and risks that cannot be eliminated regardless of the great care taken to prevent or minimize harm. IMG has facilities for various sport specific activities such as soccer, golf, tennis, baseball, football and basketball and related activities such as physical training, running, cycling and swimming. Some of these activities involve endurance or strenuous exertions of strength using various muscle groups, some involve quick movements involving speed and change of direction, some involve contact with equipment, fixed objects (e.g. goal posts), other participants (including participants that are older or younger and who may be larger or smaller in terms of weight and height) and various surfaces types, and others involve sustained physical activity that places stress on the cardiovascular and nervous systems. The specific risks vary from one activity to another, but in each activity the risks range from (1) minor injuries such as cuts, bruises, muscle strains and sprains, to (2) major injuries such as broken or fractured bones, concussions, or lost teeth, to (3) catastrophic injuries, such as heart attacks or fractured skull or those that cause disfigurement, loss of mental capacity, loss of sight, speech or hearing, paralysis, or death. I also understand that the Participant may be exposed, or expose others, to contagious and potentially harmful or deadly disease such as influenza, common cold, chicken pox, meningitis, or measles. Participant will also be exposed to risks while traveling (such as in vans when traveling to and from competitions, social events, or the airport), exposure to large crowds (such as at a big competition or a music concert), and exposure to risks related to receipt of treatment for any physical or mental condition.

Participant and Parent/Guardian have read the previous paragraphs and (1) understand the nature of the activities at IMG, (2) understand the demands of those activities relative to the physical condition and skill level of Participant, and (3) appreciate the types of injuries and illnesses and risks related to treatment for any physical or medical condition which may occur as a result of activities that I participate in at IMG. Participant and Parent/Guardian hereby assert that participation in a sport program at IMG and use of their facilities and services is voluntary and that Participant and Parent/Guardian knowingly assume all related risks.

PUBLICITY RELEASE AND CONSENT: Participant and Parent/Guardian consent to all recording, photographing and filming of Participant (the "Recordings") and each agree that IMG can use these Recordings at any time and in any manner without payment to, or additional consent of, Participant or Parent/Guardian and release IMG and its licensee from all claims related to use of the Recordings.

ACKNOWLEDGEMENT OF RULES AND STANDARDS OF CONDUCT: I understand that IMG has rules and standards of conduct that are set forth in the IMG Academy Student-Athlete Handbook. I agree to abide by these rules and standards for the safety of all participants, guests and employees. Campers will be provided with a copy of the rules and standards of conduct upon check-in. Any consequences that come as a result of violating the rules and standards as defined by the Student-Athlete Handbook are at the determination of IMG Academy Campus Life. Any dismissal due to a rules and standards violation will not result in a refund.

ACKNOWLEDGMENT OF UNDERSTANDING: Participant and Parent/Guardian have read this agreement to participate and fully understand its terms. Participant and Parent/Guardian acknowledge freely and voluntarily signing the agreement to participate and intend the signatures to signify a complete assumption of the inherent risks of participating in or observing activities at IMG to the greatest extent allowed by law in the State of Florida.

Medication for Boarding Students

- Your child should not bring over-the-counter medications to IMG Academy unless required by your child's physician. We have medications available for pain, fever, allergy symptoms, nausea, diarrhea, headache and insect bites.
- If your child receives daily medication, the medication should be brought to Health Services upon arrival. Campers are not allowed to keep any medications in their rooms. Prescription medications must be in original containers and labeled with the child's name (not another family member's name), prescribing doctor's name and directions as to how medication is to be given. Do not send medications in weekly pill dispensers. When applicable, please provide English translation for medications. If your child is taking medications by injections these must be approved by Health Services **before** your student travels to IMG. There are many medications such as allergy shots that are not given at IMG.

Other

- Please provide your child with sunscreen and insect repellent and instruct your child to apply sunscreen numerous times a day.
- Hydration – Part of playing your best means staying hydrated. When you don't replace the fluids and electrolytes you lose in your sweat, you can become dehydrated. Gatorade rehydrates better than water by putting the essential electrolytes back into your body and delivers carbohydrates that energize your muscles and brain. Please instruct your child on the importance of adequate fluid consumption. Your child may be training outdoors in a hot and humid climate where dehydration can occur quickly. Gatorade is one of IMG Academy's Premier sponsors, and we have integrated the Gatorade G-Series into our athletes' workout sessions. We want you to take your game to the next level, and Gatorade is committed to helping you get there. Sports performance is driven from the inside out, so we are providing free G Series products strategically placed around campus to help athletes "Win from Within".

You will find:

- Gatorade Prime: Delivers 24g of carbohydrate energy to your muscles quickly, so you can own the first move when you practice or compete. Available in chews at the Campus Center during breakfast.
- Gatorade Perform: Proven hydration to replace what you sweat out. Available in coolers at your sport.
- Gatorade Recover: Protein to help rebuild muscle. Available in a shake at the end of your day either in the Weight Room or at your sport.
